This Christian-based program operates a Crisis Pregnancy Center and a home for nineteen pregnant and parenting young women. The home nurtures young women and provides compassionate counseling and life skills training. Residents are encouraged to continue their education and are offered classes in parenting, nutrition, violence prevention, English, Bible study, and computers. Help is also given with transitioning into permanent housing and a stable life style.

Volunteer opportunities include assisting with computer and life skills training, teaching knitting & crocheting classes, organizing shower gifts and helping with office work (newsletter mailings, etc.). There is a great need for volunteers to teach English as a second language to Portuguese, Spanish and Haitian residents. Volunteers are also needed to baby sit while mothers attend classes during the day.
